

We're making improvements, so you can concentrate on getting better

We know that your privacy and dignity matter when you're in hospital. That's why we're working to provide more same-sex sleeping areas, toilets and washing facilities in this hospital, to make you feel as comfortable as possible while you're here.

**same-sex
accommodation:**
your privacy, our responsibility

To find out more about the Delivering Same-Sex Accommodation programme, please ask
